

DO YOU GROW OR BUY WINE GRAPES, AND MAKE WINE FROM IT?

Vinpro represents 2 500 South African wine grape producers, cellars and wine-related businesses, while providing strategic direction, rendering specialised services and driving people development.

AS A VINPRO CELLAR MEMBER YOU ...

- 1 Can focus on growing your business, while we level the playing field.**

Vinpro oversees the strategic investment of statutory levies by advocating on behalf of its members on legislative, trade, socio-economic and technical issues through liaison with Government, civil society and industry. This includes positioning comments and actions on issues such as excise duties, liquor advertising and free trade agreements.
- 2 Are kept updated on industry news, trends & technical innovation.**

Receive the monthly *WineLand* magazine, notifications of pertinent issues and dates, as well as discount on selected events such as the Nedbank Vinpro Information Day in January. Cellars receive specialised business intelligence in the form of:

 - A monthly Snap Shot e-mail of industry indicators, e.g exports, domestic sales and exchange rates.
 - A monthly Cellar Update e-mail serving as an environmental scan of trade, legislative, tourism, energy efficiency and other issues that have an effect on wine businesses.
- 3 Gain access to a full spectrum of services & products, from soil to glass.**

From GIS maps and soil science and viticulture consultation to quality vine plant material, agricultural economic assistance, BEE advice, IT business management software and coordination of wine tourism. Cellars will benefit most from:

 - Consultation on long-term planning based on block and production data (member discount)
 - Feasibility studies and cash flow analyses (member discount)
 - Receiving advice on how to optimally implement black economic empowerment (free)
 - Using the WineMS software to capture and manage cellar data for smart decision-making.
- 4 Are part of a network of industry expertise.**

Vinpro works closely with industry business units WOSA, SAWIS and Winetech, as well as other wine-related institutions, technical groups and associations. If we can't help, we know who can.
- 5 Are rewarded for practising and promoting ethical trade.**

Vinpro members receive a subsidy from the Vinpro Foundation on completion of specific ethical trade audits. The Vinpro Foundation contributes to vineyard worker training, boosting productivity, and funds and supports further development.

WHO CAN BECOME A VINPRO MEMBER?

Vinpro has four membership categories, of which two are applicable to cellars, namely Wine Grape and Wine Producers, and Wine Processors:

1 WINE GRAPE PRODUCER

Produce at least 5 tons of wine grapes and deliver it to a cellar for the production of wine, spirits or juice, as a SAWIS member.

Application fee: None before 31 May 2018.

Annual fee: Under consideration from 2019.

2 WINE GRAPE & WINE PRODUCER

Produce at least 5 tons of wine grapes and make wine from it for marketing purposes, as a SAWIS member.

Application fee: None.

Annual fee: R/ton of wine grapes harvested, invoiced in October (see p 3).

3 WINE PROCESSOR

Process at least 5 (five) tons of wine grapes to make wine, spirits or juice, as a SAWIS member.

Application fee: None.

Annual fee: R/ton of wine grapes processed, invoiced in October (see p 3).

4 ASSOCIATED

Partners in the grape and wine supply chain, e.g. viticulturist, winemaker, farm manager, researcher, cultivar association, supplier or financial institution. No SAWIS membership required.

Application fee: None.

Annual fee: R575 (VAT incl).

New applications are approved monthly by the Vinpro board, and ratified in Feb, Apr, Jun, Aug & Nov.

YOU'RE INTERESTED, NOW WHAT?

E-mail: member@vinpro.co.za.

ANNUAL MEMBERSHIP FEE: WINE GRAPE & WINE PRODUCERS / WINE PROCESSORS

The average gross harvested tonnage (actual on the scale) in the past seasons serves as a basis for any and all calculations.

A sliding scale, linked to specific ranges (tonnage intervals) applies – see the table below.

The membership fee is payable in two equal instalments – respectively annually in October and November – and excludes VAT.

In order to remain independent and ensure confidentiality, SAWIS has been tasked to determine the average gross tonnage per cellar, apply the respective values and verify the calculations of the specific ranges.

Only the end result will be shared with Vinpro, in order to finalise the invoicing and administrative process.

The annual fee revision will be based on the VPIX at the time, and subject to final approval by the Vinpro board.
